COOLCUT

Perfect straight cuts with our unique top quality Coolcut jig saw blade. Made in Germany using patented laser technology. This saw blade features parallel cut and an open framework design that helps dissipate frictional heat. The forward pointing teeth are designed for extra splinter free cut. These unique shaped blades offer highly precise cuts while maintaining superior blade durability

Part.No	Pcs pack	L	LC	H	W	T	S
MSC10B	2	100	75	8	1,45	2	3-60

FEATURES

- Unique saw blade design
- Open framework design to dissipate frictional heat
- Parallel shape for super straight cuts
- Superior durability
- Pointing teeth for extra splinter free cuts

DUOCUT

Our durable, hardened-steel double sided Duocut jig saw blades delivers extraordinary tight cuts with unmatched precision, speed and clean edges. This innovative blade will cut in all directions, with superior performance. The Duocut cuts (splinter-free) all kinds of wood and wood based products.

Part.No	Pcs pack	L	LC	H	W	T	S
MSD10B	2	100	75	8	1,45	2,5	4-30

FEATURES

- For extra clean curved cutting
- Chrome Vanadium hardened steel
- Milled backside teeth for extra clean curved cuts
- Fast and smooth splinter-free cuts
- Double-edged blade cuts both ways

DUOCUT VARIA

Our **variable pitch double sided** Duocut Varia jig saw blade delivers extraordinary tight cuts with unmatched precision, speed and clean edges. This innovative blade will cut in all directions, with superior performance. The Duocut cuts (splinter-free) all kinds of wood and wood based products

Part.No	Pcs pack	L	LC	H	W	T	S
MSD11B	2	115	95	8	1,45	2,2-3,2	3-90

FEATURES

- Cut any curve of angle. No matter how tight
- Chrome Vanadium hardened steel
- Variable pitch laser-tech teeth
- Fast and smooth splinter-free cuts
- Double-edged blade cuts both ways

SHARPCUT VARIA

Professional Jig saw blades for universal applications in wood and metal materials. **Conically grounded blade with sharpened teeth.** For fast and clean cuts. Made in Germany, using patented laser technology, makes these universal blades exceptional strong and versatile.

Part.No	Pcs pack	L	LC	H	W	T	S
MSV10B	2	132	110	8	1,27	1,8-2,5	3-100

Part.No	Pcs pack	L	LC	H	W	T	S
MSV11B	2	132	110	8	1,0	1,0-1,6	1,2-6

FEATURES

- Bi-metal saw blade
- For universal applications
- Exceptional strength, versatility and durability
- For wood with nails
- Universal shank

MSS10B

MULTI-PURPOSE-PACK (5PCS)

This 5 pieces Mandrex Multi-purpose Jig saw assortment includes 1 piece of MSC10B, MSD10B, MSD11B, MSV10B and MSV11B each. This Mandrex Multi-purpose pack can handle all materials and meets all your requirements: assembled with the best jig saw blades
